## PREPARE FOR BACK-TO-SCHOOL

### Get your old **Micro GC 3000** out of the closet

Upgrade your Micro GC 3000: obsolete since 2016, but **still repairable!** Chemlys, the official after-sales service, continues to support you.

#### YOUR CHEMLYS SERVICES

Micro GC 3000 Repair\*

Taking back obsolete equipment

Trade-in to Micro GC Fusion

\*Depending on available parts

### It may be the end of one story...but it's also the beginning of another!

As the Micro GC 3000 and Fusion share common parts, Chemlys will be able to **maintain your devices** for as long as possible.

Do you have a fleet of Micro GC 3000s? We can **recover** parts from an unused unit to **repair** units still in operation, at a fraction of the cost!

With its **expertise**, **Chemlys** supports you as always in your **gas analysis**, **sampling**, **technical support** and **all your projects**.

### STEP UP TO THE NEXT LEVEL!
